

This week in year 4, we offered reading workshops to parents. This gave parents an opportunity to see the links in the children's home reading activity- 'How to train your dragon'. Our reading workshops focused on the follow up lessons to the chapters. The children used a range of inferencing techniques to answer questions fully, using the text to support their opinions. We attach some of the children's work from the workshop. Once again, thank you to the parents for their continued support!
