

Year 6 Homework Menu - Spring Term

Science

Make a model of a room that could withstand an earthquake.

Research designs used in Japan to help you.

Parents' signature

P.E.

Design a poster about the Haka. Include the history behind it and why it is used in sport now. Can you draw someone in a Haka position with the correct facial expression?

Challenge: Try to create your own Haka and perform to your family or friends!

Parents' signature

Topic

Research a recent natural disaster and create a fact file including:

- The type of natural disaster
- When and where it happened
- What the consequences were

Parents' signature

Speaking and Listening

Discuss a current issue that is important to you with a member of your family.

Do you agree with each other?

Parents' signature

PSHE

Think about what identifies you as you. Imagine what objects you would put in your identity bag. Draw the objects, or take a photo if you can.

Parents' signature

Experience

Make a model of a volcano out of materials from home.

Parents' signature

R.E.

Research a charity that helps to eliminate poverty.

Create a leaflet about the charity and what it does to help.

Parents' signature

Topic

Create your own Natural Disaster dictionary

Parents' signature

Art

Stephanie Peters is an abstract artist who creates paintings of natural disasters. Look at her paintings, and try to create your own abstract natural disaster masterpiece!
