Ethnic background record form

(based on the new national population Census ethnic categories)

Our ethnic background describes how we think of ourselves. This may be based on many things, including, for example, our skin colour, language, culture, ancestry or family history. Ethnic background is not the same as nationality or country of birth.

The Information Commissioner (formerly the Data Protection Registrar) recommends that young people aged over 11 years old have the opportunity to decide their own ethnic identity. Parents or those with parental responsibility are asked to support or advise those children aged over 11 in making the decision, wherever necessary. Pupils aged 16 or over can make this decision for themselves.

Please study the list below and **tick one box only** to indicate the ethnic background of the pupil or child named above. Please also tick whether the form was filled in by a parent or the pupil.

Any information you provide will be used solely to compile statistics on the school careers and experiences of pupils from different ethnic backgrounds to help ensure that all pupils have the opportunity to fulfil their potential. These statistics will not allow individual pupils to be identified. From time to time the information will be passed on to the Local Education Authority and the Department for Education and Skills (DfES) to contribute to local and national statistics. The information will also be passed on to future schools, to save it having to be asked for again.

School visit agreement:

I confirm that I am willing for my son/daughter to take part in outings in the local environment, which do not involve public transport e.g. a walk around the local area or a local visit using the school minibus. Although we will always do our utmost to inform parents of such walks prior to them happening, often they have to be delayed/rescheduled due to weather.

I understand that, while the supervisory adults in charge of the group will take all reasonable care of the pupils, neither they, nor Luton Borough council, will be held liable in respect of loss or damage to property or injury suffered by my son/daughter arising during or from the Educational Visit, unless such loss, damage or injury results from negligence of Luton Borough Council, or its employees or and any other supervisory adults involved in the Educational Visit.

It is necessary for you to give your written permission for this.

If your consent is not given your child will not be able to take part in these activities

Library book loan:

I agree to my son/daughter borrowing library books from school to take home. All books taken from the library are assigned to pupils and should your son/daughter lose or damage a book then we will need to charge parents for the cost to replace the book.

In order to protect library books, we ask pupils to put them in their school bag on the journey to/from school.

If your consent is not given your child will not be able to borrow any library books.

Internet usage

All pupils have the opportunity of using a wide variety of digital devices, the majority of which use the internet. All students are taught on a regular basis the safe use of the internet and sign agreements to acknowledge their understanding. All internet traffic is closely monitored using a comprehensive online safety tool which complies with the DfE's Keeping Children Safe in Education guidance.

If your consent is not given your child will not be able to access online activities including educational activities

Photographs

As part of school life, teachers and children often take photographs and multimedia (Video, DVDs etc) to record school work and achievements. Such photographs may be displayed around school, put on our website/Twitter, in printed school material, attached to children's assessment files or put in their books.

In addition, other agencies the school is working with and/or local newspapers may request to take photographs for their publicity or to celebrate our achievements. Also, parents do like to take photographs at sports days/during class assemblies as a personal record of their child's achievements.

Please sign below to give permission for your child's photograph, video or web cam recordings to be used as stated above

If your consent is not given your child's photograph will not be taken and there may be some activities they cannot take part in.
