Year 6 SATs Meeting

Welcome!

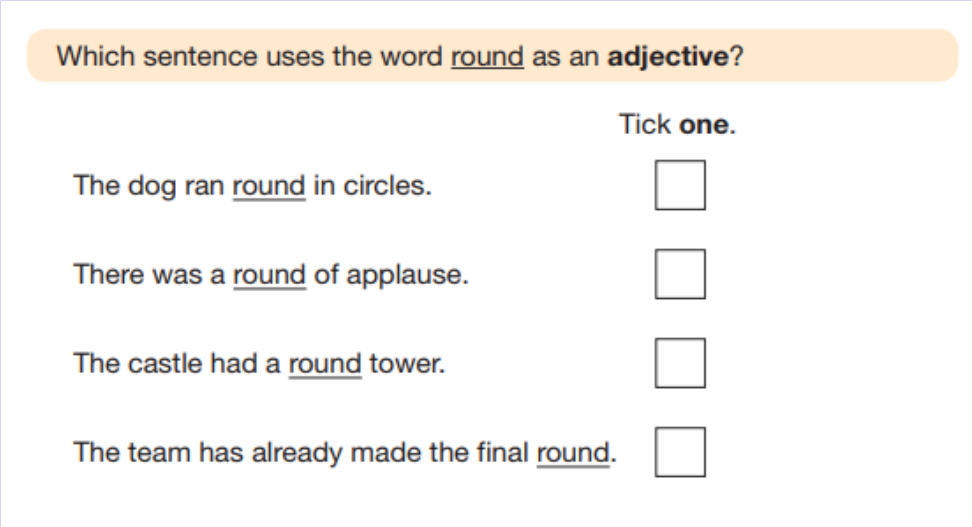
The SATs tests will indicate whether your child is working at the **expected** Year 6 standard.

Schedule

DATE	EXAM
Mon 11th May	Grammar, Spelling & Punctuation (Paper 1) Grammar, Spelling & Punctuation (Paper 2)
Tue 12th May	English Reading
Wed 13th May	Maths Paper 1 (Arithmetic) Maths Paper 2 (Reasoning)
Thu 14th May	Maths Paper 3 (Reasoning)

On the test days, all Year 6 children are invited to eat at our **SATs breakfasts**starting at 8:15am.

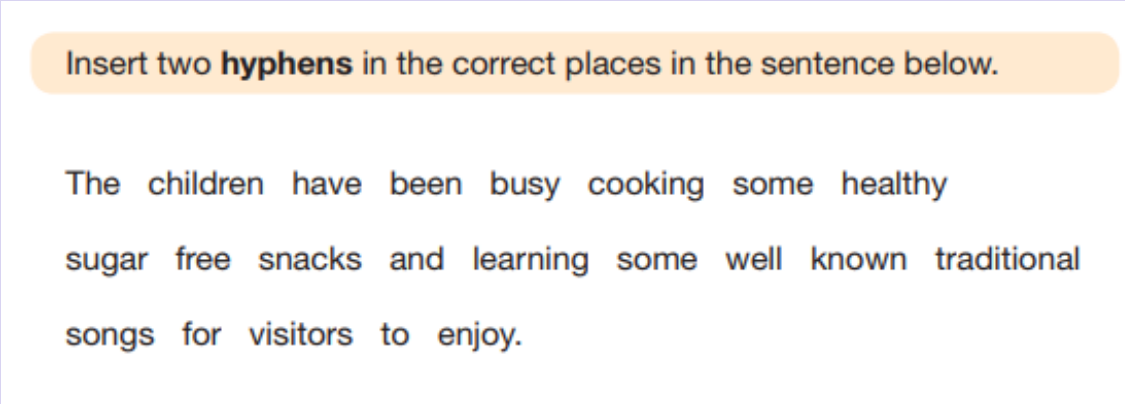
Grammar, punctuation and spelling



Which sentence uses the word round as an **adjective**?

Tick **one**.

- The dog ran round in circles. ☐
- There was a round of applause. ☐
- The castle had a round tower. ☐
- The team has already made the final round. ☐



Insert two **hyphens** in the correct places in the sentence below.

The children have been busy cooking some healthy sugar free snacks and learning some well known traditional songs for visitors to enjoy.

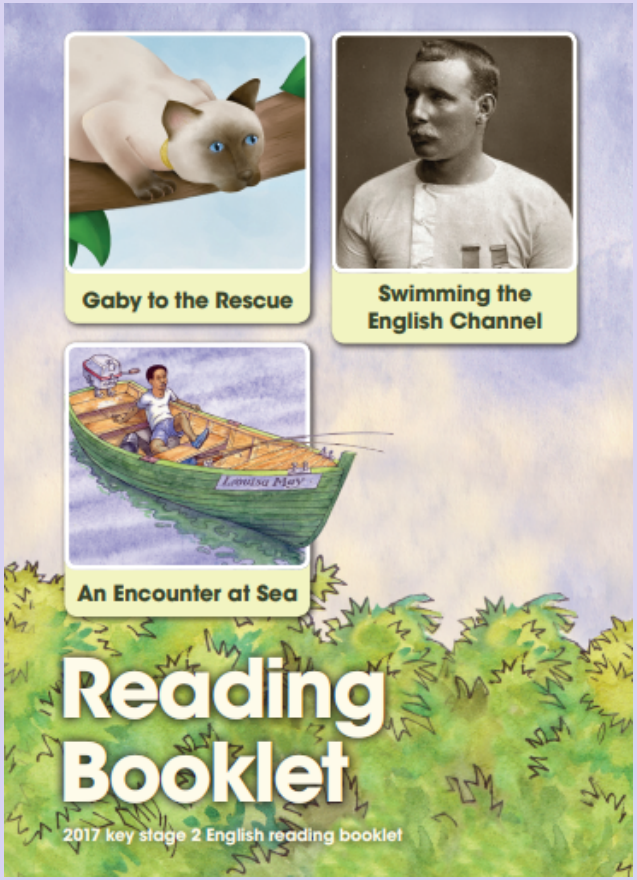
*approximately 50 questions in 45 minutes

*spelling test of 20 words

Reading

*comprehension questions based on 3 different texts

*focus on difficult vocabulary



17 Look at the paragraph beginning: *Twenty-seven-year-old Webb...*

Find and **copy one** word from this paragraph that is closest in meaning to 'motivated'.

_____

Look at the paragraph beginning: *She knew the universal rule...*

What does the word *universal* tell you about the rule?

_____

_____

1 mark

Look at the section headed: ***Frequently asked questions***.

Put a tick in the correct box to show whether each of the following statements is a **fact** or an **opinion**.

	Fact	Opinion
The temperature of the water in the Channel can range from 12°C to 18°C.		
Water with a temperature of 18°C is too cold to swim in.		
The direct distance across the Channel is approximately 21 miles.		
Faster swimmers do not swim as many miles across the Channel.		

2 marks

18 Using information from the text, put a tick in the correct box to show whether each statement is **true** or **false**.

	True	False
Matthew Webb's first attempt to swim the English Channel was not successful.		
The first successful swim of the English Channel was in 1872.		
J.B. Thompson and Matthew Webb swam the English Channel in 1875.		
Matthew Webb took twenty hours to swim the English Channel.		

Maths

*arithmetic paper (30 minutes for 36 questions)

\+ − × ÷ $\frac{3}{4}$ % decimals

*reasoningpapers (40 minutes each) for children to apply their skills through word problems

33 $0.9 \times 200 =$

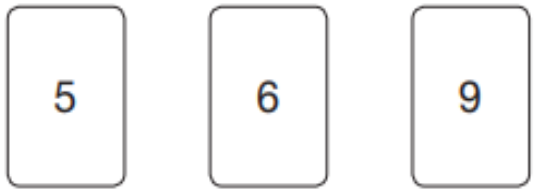
Chen uses these digit cards.



She makes a 2-digit number and a 1-digit number.

She multiplies them together.

Her answer is a **multiple of 10**

What could Chen's multiplication be?

William wants to travel to Paris by train.

He needs to arrive in Paris by **5:30 pm**.

Circle the **latest time** that William can leave London.

Leaves London	Arrives Paris
12:01	15:22
12:25	15:56
13:31	16:53
14:01	17:26
14:31	17:53
15:31	18:53
16:01	19:20

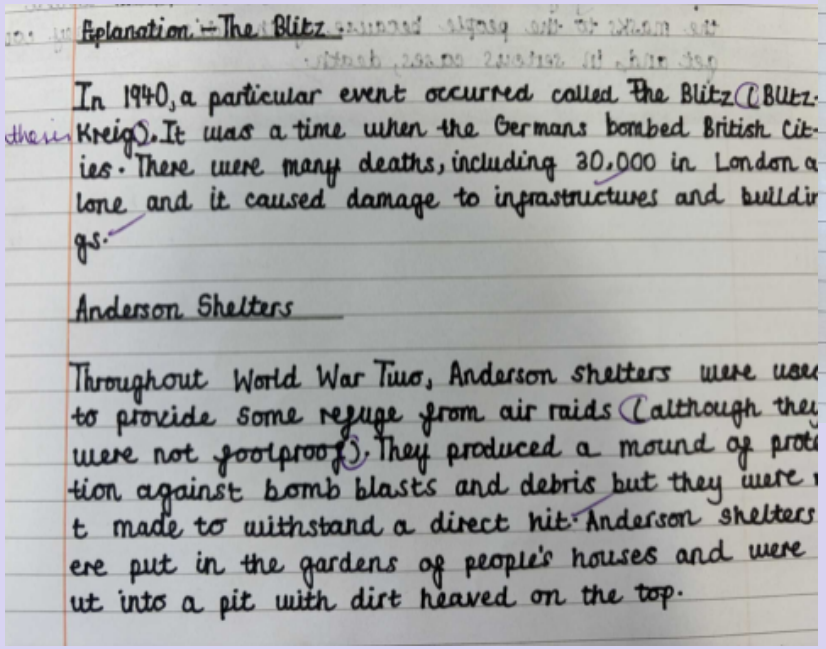
1 mark

Writing

*teacher assessed over the whole year

*writing will continue after SATs

***legible, joined handwriting**

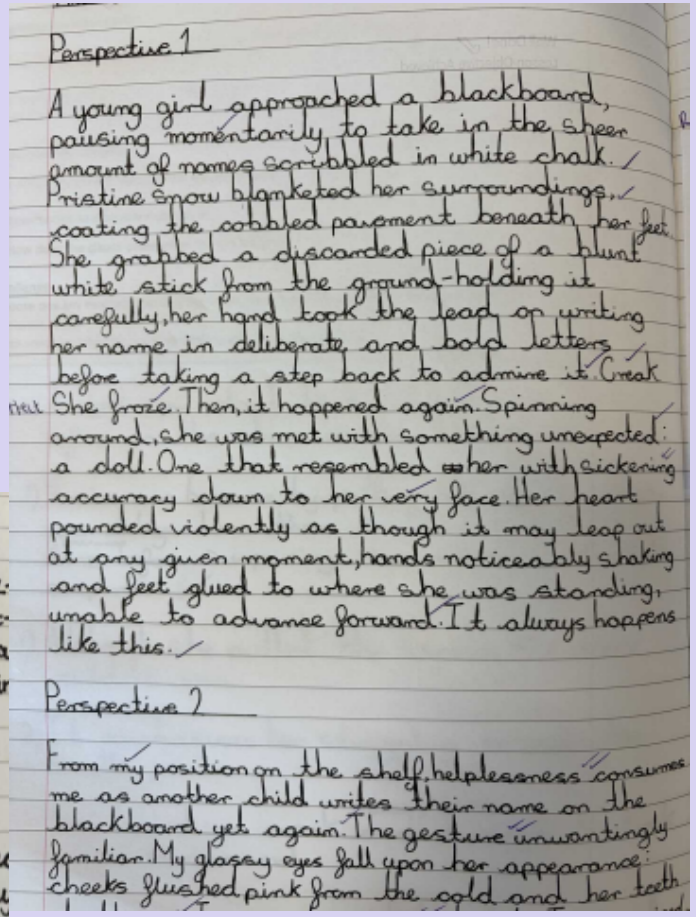


Explanation - The Blitz

In 1940, a particular event occurred called The Blitz (Blitz-Kreig). It was a time when the Germans bombed British cities. There were many deaths, including 30,000 in London alone and it caused damage to infrastructures and buildings.

Anderson Shelters

Throughout World War Two, Anderson shelters were used to provide some refuge from air raids (although they were not foolproof). They produced a mound of protection against bomb blasts and debris but they were not made to withstand a direct hit. Anderson shelters were put in the gardens of people's houses and were put into a pit with dirt heaved on the top.



Perspective 1

A young girl approached a blackboard, pausing momentarily to take in the sheer amount of names scribbled in white chalk. Pristine snow blanketed her surroundings, coating the cobbled pavement beneath her feet. She grabbed a discarded piece of a blunt white stick from the ground-holding it carefully, her hand took the lead on writing her name in deliberate and bold letters before taking a step back to admire it. Great. She froze. Then, it happened again. Spinning around, she was met with something unexpected: a doll. One that resembled her with sickening accuracy down to her very face. Her heart pounded violently as though it may leap out at any given moment, hands noticeably shaking and feet glued to where she was standing, unable to advance forward. It always happens like this.

Perspective 2

From my position on the shelf, helplessness consumes me as another child writes their name on the blackboard yet again. The gesture unwantingly familiar. My glassy eyes fall upon her appearance: cheeks flushed pink from the cold and her teeth

Wellbeing

SATs tests and the preparation for them can be stressful and we know children can get anxious.

We will help children to manage this stress and we will prepare them mentally and emotionally for the tests.

SATs breakfast is a great way to minimise the stress!

SATs should **NOT**:

- affect a child's appetite
- affect a child's ability to sleep
- alter a child's personality
- induce panic or tears
- be a reason not to attend school

If you notice any of the above, please let us know so we can offer additional support!

Top tips!

go to bed early

eat a healthy breakfast

have a stress-free morning/week

What if...

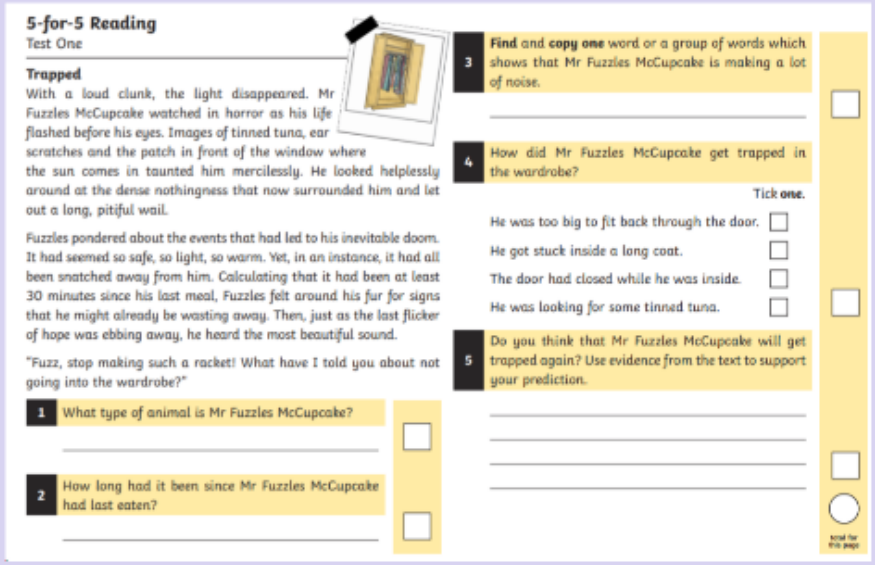
- ...we sleep in late?
- ...my child is ill?
- ...my child is nervous?

How can I help support my child?

Encourage your child to use **Oxford Reading Buddy** and **TTRS** daily.

Most children purchased revision guides at Parents' Evening: they should be working through these.

Ensure yo



5-for-5 Reading
Test One

Trapped

With a loud clunk, the light disappeared. Mr Fuzzles McCupcake watched in horror as his life flashed before his eyes. Images of tinned tuna, ear scratches and the patch in front of the window where the sun comes in taunted him mercilessly. He looked helplessly around at the dense nothingness that now surrounded him and let out a long, pitiful wail.

Fuzzles pondered about the events that had led to his inevitable doom. It had seemed so safe, so light, so warm. Yet, in an instance, it had all been snatched away from him. Calculating that it had been at least 30 minutes since his last meal, Fuzzles felt around his fur for signs that he might already be wasting away. Then, just as the last flicker of hope was ebbing away, he heard the most beautiful sound.

"Fuzz, stop making such a racket! What have I told you about not going into the wardrobe?"

1 What type of animal is Mr Fuzzles McCupcake?

2 How long had it been since Mr Fuzzles McCupcake had last eaten?

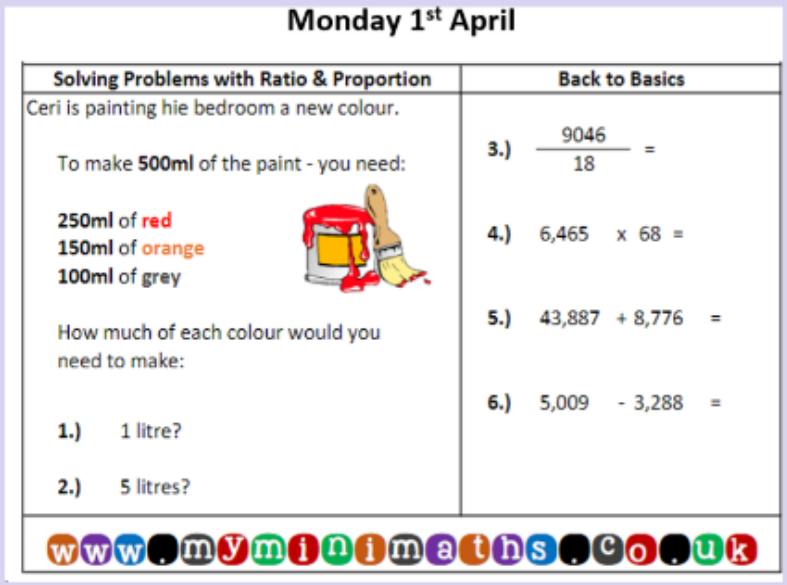
3 **Find** and **copy one** word or a group of words which shows that Mr Fuzzles McCupcake is making a lot of noise.

4 How did Mr Fuzzles McCupcake get trapped in the wardrobe?

Tick **one**.

- He was too big to fit back through the door.
- He got stuck inside a long coat.
- The door had closed while he was inside.
- He was looking for some tinned tuna.

5 Do you think that Mr Fuzzles McCupcake will get trapped again? Use evidence from the text to support your prediction.



Monday 1st April

Solving Problems with Ratio & Proportion	Back to Basics
Ceri is painting hie bedroom a new colour. To make **500ml** of the paint - you need: **250ml** of **red** **150ml** of orange **100ml** of **grey** How much of each colour would you need to make: **1.)** 1 litre? **2.)** 5 litres?	**3.)** $\frac{9046}{18}$ = **4.)** 6,465 x 68 = **5.)** 43,887 + 8,776 = **6.)** 5,009 - 3,288 =

www.mymaths.co.uk

Booster Mornings

Mondays: Grammar, Punctuation and Spelling revision

Tuesdays: Maths (Arithmetic and Reasoning) revision

Wednesdays: Reading (Comprehension) revision

How will I receive my child's results?

The tests are marked externally and you will receive your child's results mid-July.

Scaled score 100+ = expected standard

Scaled score 110+ = greater depth standard

After SATs...

- Legoland
- High School Transition
- Young Enterprise
- Camp
- Leavers' assembly and party
