

Week ending 6th September 2019

Literacy

This week children in Year 4 have been reading a poem about an abandoned cottage. We have been using this opportunity to learn some tricky vocabulary and have written a short story based on it. It has been great to see children remembering and using their learning from Year 3.

Maths

In maths this week, we have started by focusing on place value and looking at how we use this information to round numbers to 10 and 100. We have also made a good start on learning our times tables facts in readiness for the test later this year.

Topic

Year 4 children have been introduced to their new topic 'Ancient Greece'. They have started by looking at when the Ancient Greeks lived and how this fits in with other areas of history that they have previously studied.
