

Week ending 6.9.19.

Welcome to year 2!

We have had a great first week in year 2! The children have settled well into the routines of year 2 and have made lots of new friends in their new classes.

This week we have started to explore our new topic of 'Space.' On our wow day, the children had fun creating planets and finding out all about the Solar System. This week the children have been busy writing facts all about space and remembering to write accurate sentences.

In Numeracy, the children have been exploring 2 digit numbers. The children have learnt how to partition numbers into tens and ones and represent these numbers using dienes, number lines, bead strings and lots of other fun resources!

All children should now have received their new spelling, homework and home school reading books.

I look forward to meeting many of you next week at our meet the parents meeting!
