

Literacy

This week we have continued 'Goldilocks and the three Bears'. The children have been learning to understand how a character is feeling through the pictures and the text.

Phonics

This week we have been learning the sounds n and p and have begun trying to write simple words.

Maths

We have been revising size this week and have been learning about shapes. We have been introduced to a square, rectangle, triangle and circle. In our classrooms we spent some time spotting different shapes.

Creative and outdoors

This week we've been making the characters of Goldilocks and The Three Bears from clay and other materials. We've made puppets and acted out the story, as well as new chairs and beds. We've also been learning how to mix shades of brown in order to paint a real brown bear.
