

Literacy

The week we have been looking at the story of ‘The Three Little Pigs’. We have created a story map to help us retell the tale of the three pigs. Can your child tell you who the main characters are and what happens to the pigs in the story?

Phonics

This week we have been learning the sounds g and o and have begun trying to write simple words. Try and see if your child can write or read got, dog, pog, gap, tig.

Maths

In maths this week we have been recapping 2D shapes (square, rectangle, circle and triangle.) We have used these shapes to make houses, just like those in our story. We have also started talking about capacity and have been using full, half full and empty.

Creative and outdoors

We’ve been making models of the big bad wolf and mixing colours to paint the three little pigs.

Outside we have been acting as the story characters and singing the song “Who’s afraid of the big bad wolf?” We’ve also been blowing bubbles by huffing and puffing just like the wolf did!

Maybe you could make a lego or duplo brick house with your child at home so that the little story pigs could be safe inside.
