

Literacy

This week we are looking at our favourite character from the story 'Once Upon a Time'. The children are beginning to tell us why they like their chosen character using the word 'because'. We have also looked at the story of 'Harry's Christmas Wish'. In this story we have learnt about wishing, farms and the festival of Christmas.

Phonics

This week we have been learning the sounds z and x and we have begun trying to write simple words. Try and see if your child can write or read fox, box, six, zed, zip and zap.

Maths

In maths this week we have revisiting our previous learning. We have been practising our counting and have been revising shapes.

Creative and outdoors

This week we've been busy making biscuits to give to the pre-school children. Each class also performed a song about one of the *Once Upon a Time* characters, both to the children and to our old pre-school teachers. Mr Guy helped us to sing some of the songs we'd been working on in our music lessons.

Understanding of the World

We've been learning about how and why Christians celebrate Christmas and about the traditions associated with Christmas.
