

## Week ending 11<sup>th</sup> September 2020

### Literacy

This week, we have started our new learning unit based on animal narratives. We have looked at contrasting characters, possessive apostrophes and speech, all in preparation for the children to produce their own animal narrative.

### Maths

In maths, we have looked at rounding this week. The children have learnt how to round to the nearest 10, 100 and 1000 and we have been super impressed with all of their hard work.

### Science

In Science this term, we are covering light and sound. This week we experimented with torches shone onto opaque objects to learn all about shadows. The children were extremely engaged!
