

Week beginning 12<sup>th</sup> October

### Literacy

In literacy we have researched the increasing problems created by plastic in the oceans. We are very concerned about this issue and are now writing a report to persuade the readers to use less and recycle more plastic. We are all continuing to enjoy reading and discussing the class book: 'The Lion, the Witch and the Wardrobe.'

### Numeracy

In numeracy we are continuing to work on addition and subtraction, including some challenging word problems. Our next unit will be on statistics where we will work on understanding tables and lines graphs.

### Foundation subjects

In our work on the Great Barrier Reef we have researched about a sea creature of the Great Barrier Reef and completed a fact file. In art we have been cutting out felt pictures of the Great Barrier Reef and now look forward to sewing these on to our cushions. In P.E., some of the classes are enjoying learning the skills of tag rugby.

Hope you found this useful, see you next week.
