

Week beginning 9th November 2020

Maths

This week, year 4 have been doing column subtraction. Also, we have been ordering 4-digit numbers.

Literacy

In year 4, for literacy we've been creating our own play scripts of King Midas and the golden touch. Everything he touches turns gold but that caused quite a lot of problems.

ICT

This half term, we are working on typing. Did you know that, by the end of the year, we are supposed to be able to type 15 words per minute! To help us get faster, we have been playing games on Dance Mat Typing.

Remembrance Day

For Remembrance Day, year 4 had to do a 2 minute silence to think about the people who sadly gave their lives in World War 2.

Art

This week, in art we made our Greek columns out of clay. We designed them into Doric and Ionic patterns. Here is a picture of someone's Ionic column. They used a fork-like clay tool to make the lines on the column.
