

## Week ending 20.11.20

This week in **Literacy**, we have progressed our learning on Adventure stories. The children wrote sentences about Max's behaviour and personality from the story;

In small groups, the children changed some parts of *Where the Wild Things Are* to create a new class story. They came up with ideas for a new land with different creatures or characters and thought about how Max got there! Here's an example of a changed story map:

The children really enjoyed writing their new adventure stories about Max!

In **Numeracy**, the children have been learning about Place Value. They have been representing numbers to 20 and solving problem questions.

Here is an example;

Bob says:

I can make all the numbers from eleven to twenty using the digits 1-9

Do you agree?

They have also been using cubes to make towers of tens and ones. Have a go at these!

Jodie makes a part whole model.

She says:

There are 8 tens and 1 one.

Explain her mistake.

What is her number?

My number is \_\_\_\_  
It has \_\_\_\_ tens and \_\_\_\_ ones.

My number is \_\_\_\_  
It has \_\_\_\_ tens and \_\_\_\_ ones.

Share your answers with your child! Do you both agree?

In **Phonics**, we have been teaching the following sounds;

<b>o-e</b>  home phone spoke note hope	<b>u-e</b>  June tune rude use brute	<b>aw</b>  saw law crawl paw yawn
