

Week ending 04.12.20

Due to Covid restrictions currently in place, In **Literacy/Topic** we decided to go on a virtual rather than a physical walk in our local area! The children looked at the buildings, roads and land around the school.

They learnt the following key vocabulary;

Types of houses: detached, semidetached, end of terrace, bungalow, block of flats.

Restaurants: fast food restaurants like McDonalds, name other restaurants.

Other shops: garage, grocery shop, furniture shop, supermarket.

Other vocabulary: roundabout, traffic lights, road signs, sidewalk or pavement.

In **Numeracy**, the children have been subtracting by taking away. We discussed the number sentences and solved the problems;

<p>There are 7 cookies on a plate. 6 of the cookies are eaten. Complete the sentences.</p> <p>First there were <input type="text"/> cookies.</p> <p>Then <input type="text"/> cookies were eaten.</p> <p>Now there is <input type="text"/> cookie.</p>	 <p>There are 9 birds in a tree. 4 fly away.</p>  <p>Complete the sentences.</p> <p>First there were <input type="text"/> birds in the tree.</p> <p>Then <input type="text"/> of the birds flew away.</p> <p>Now there are <input type="text"/> birds left in the tree.</p>
--	--

They have also been explaining their reasoning;

Jo has 13 prize tokens.
She wins 5 more.
How many prize tokens does Jo have now?
Show your calculation on the number line.

Share your answers with your child.

In **Phonics**, practise the following sounds with your child;

<p>ay</p> <p>play day say way spray</p>	<p>ee</p> <p>see three green seen sleep</p>	<p>igh</p> <p>high light night bright might</p>	<p>ow</p> <p>blow snow show slow low</p>

Stars of the Week

Certificates have been awarded to the following children this week;

Willow Class

Aisha Malik for subtracting using circles and the number line .

Jasmeen Singh Kaur for always following the school values.
Well done.

Elm Class

Zunaid Riasat for trying really hard with all his learning.
Well done! Keep it up!

Beech Class

Eshaal Wasim for starting to speak loudly in class.
Eshaal Eman for starting to understand the whole part model in numeracy.

Ash Class

Fatima for adding and subtracting within 20.
Abdul Kareem for writing a fantastic adventure story.
Safaa for being a kind and caring friend.

Oak Class

Oskar Gasiorowski for working independently with subtractions on a number line.

Mohammad Musa Hussain for using the correct key vocabulary about our local area.

Well done everyone!

The **Year 1** Team
