

Week ending 3rd September 2021

Welcome back everyone!!!

We had a fantastic first week back in Year 2... We introduced our new topic of 'Under the Sea' and looked at lots of exciting books related to it. We also recapped what we learnt in Year 1 about continents and oceans. The teachers were very impressed.

We even decorated our classrooms to feel more like we were under the sea.

In Numeracy, we began our two week unit on calculation. During this time, the children will recap strategies from Year 1 to ensure their knowledge is secure.

Please remember ...

- Homework is on google classroom.
- Your child should be reading at least 3 times a week.
- Spellings are in the red spelling book as well as google classroom and the rules are to be learnt throughout the half term.
