

Week ending 17th September 2021

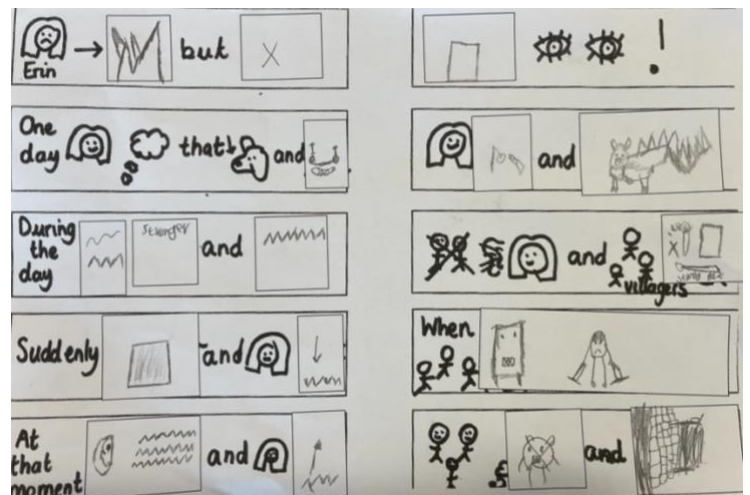

What a great week we have had in Year 2! The children have now settled in and have started to show fantastic progress in their work.

This week in Numeracy, we have been recapping some arithmetic work based on making arrays and sharing.

The children have used counters to make arrays to show groups of 2s, 5s and 10s.

In Literacy this week, we have worked very hard to change our story map to innovate a new story based on 'The Secret of Black Rock'. We then practised our story map and added actions, so we can be ready to write it up. Here is an excellent example →

We have had lots of fun this week and look forward to more learning next week!

The Year 2 Team 😊
