

## Week ending 22<sup>nd</sup> October

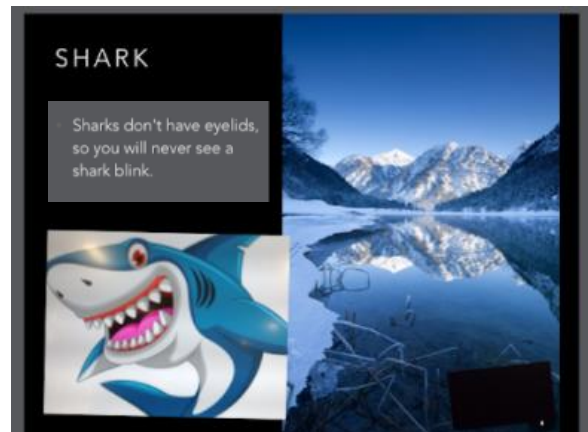

It has been a FANTASTIC week in Year 2!

During Numeracy lessons we have been dividing and sharing into groups using bar models. We ended the week with some word problems.

In Literacy we wrote Acrostic poems about ourselves and about some sea creatures.

We have had lots of fun in our ICT lessons this term and we have created a Keynote presentation all about sea creatures. We included effects, images and videos!

In Art this week we have been busy painting our own version of Vincent Van Gogh's 'Starry Night'. We used different painting techniques and did some printing too!

Have fun in the holidays and we will see you next half term! 😊
