

Week ending: 01.10.21

Stone Age Experience

This has been a very special week in Year 3! To support their fantastic learning in History this half term, two classes have taken part in a Stone Age experience day. Adelle and King had a fantastic time. The children gained a real understanding of how clever Stone-Age humans were through the various hands-on activities. Paul and Julie were brilliant leaders, giving the children the chance to try a range of activities such as: fire-lighting and archery! Next week Friday Emperor, Humboldt and Rockhopper classes will be taking part in their Stone Age experience Day! (Look out for the photos which will be on the website soon)

This week in Literacy, we have started our Fantasy setting Unit. The year group will be developing their creative writing skills. The children have started to explore the features of a fantasy setting description and have been working on building their confidence to use more imaginative vocabulary. This is in preparation for next week when they will be writing their own fantasy setting description.

Special notes:

Thank you to all the parents who attended the Year 3 Curriculum meeting last Wednesday. We hope you found this very useful. If you were unable to attend and would like to see what was discussed, please look out for: All about Year 3 PowerPoint which will be on the website soon.

If you would like to contact the Year 3 team:
