

Week beginning 15th November 2021

Maths

This week we consolidated our learning on time before moving onto the place value unit. We began by estimating where numbers go on a number line to 1000 before comparing four digit numbers using the less than, more than and equal to symbols (< > =). At the end of the week, we learned how to order four digit numbers from smallest to largest.

Literacy

In Literacy, we started our new learning on Myths. We began by understanding what myths are and their features. We read a Greek Myth, Daedalus and Icarus and demonstrated our understanding by creating a story map. We then moved on to understanding the characteristics of a Greek hero, using evidence from the text to back our inferences. Towards the end of the week, we worked on writing sentences that include fronted adverbials for manner and place as well as subordinate clauses.
