

Week ending: 13th May

Week 3 has been another fantastic week. Especially as we have been cooking again! Yum!

In DT lessons, children have been helping us cook some yummy soups. Last week, Adelle and Rockhopper classes made: Chunky Vegetables soup. They helped by cutting the various vegetables using the bridge hold and claw grip.

This week, four classes helped teachers prepare ingredients for Tomato and Pepper soup. As a part of this topic, the children have learnt the importance of preparing food in a hygienic manner and the importance of using the correct equipment. They've learnt how to use peelers and knives safely.

In Literacy, children have completed writing their setting descriptions. We were really impressed with some of the language children used.

In Numeracy, the children have started a unit of work on Time. Here are the objectives we will be working on in this unit:

National Curriculum objectives:

- Tell and write the time from an analogue clock, including using Roman numerals from I to XII and 12 hour and 24 hour clocks.
- Estimate and read time with increasing accuracy to the nearest minute.
- Record and compare time in terms of seconds, minutes and hours
- Use vocabulary such as o'clock, **am / pm**, morning afternoon, noon and midnight
- **Know the number of seconds in a minute** and number of days in each month, year and leap year
- **Compare duration of events (for example to calculate the time taken by particular events / tasks)**
